

PHH SUMMER CAMP – Policies and Procedures Summer 2020

We appreciate your choosing Play Hard for a summer basketball camp. While camp will be different this summer we have worked hard to adjust to this new normal with restrictions and safety. With that in mind, below is a detailed description of the steps we will be taking to resume our programming at facilities this July. We will be adhering to safety guidelines outlined by the State of Illinois and our home facilities. While the protocols from facilities can be different, here are consistent safety procedures we guarantee PHH will be taking:

PROGRAM INFORMATION/SAFETY PROTOCOLS

- We will be separating groups on 2 courts with no more than 12 players on any court and at the moment we are allowing only 10 per court.
- Please note that groups will be kept together for the duration of the camp. These groups will be age and grade appropriate
- Players will not be permitted to participate without a signed updated liability waiver provided by Play Hard Hoops; NO Exceptions
- Players will not enter gym without a temperature check from non-contact thermometer
- Players will enter and exit gym with a mask and must wear a mask in the bathroom of the facilities. They will take off their mask for basketball activities
- Players will be given specific spot in facility to place personal items for social distancing
- Players must bring their own basketball clearly marked by name. A 28.5 sized basketball is appropriate size for entering 2nd-5th grade players. An Official sized basketball is appropriate size for entering 6th-8th Grade
- Players must bring their own water bottles clearly marked by name – please pack enough water/Gatorade as water fountains will not be in service
- PHH coaches will have hand sanitizer, but is appropriate for players to bring their own
- PHH Coaches will maintain social distance from the participants and will not high five or come in contact with players. We will expect players to maintain their social distancing with the coach. Coaches also will wear a mask when off the court not during activity.

PHASE 3 / PHASE 4

- PHASE 3 - No Competitive Drills where players will play 1 on 1, 2 on 2, 3 on 3 or 5 on 5. No equipment will be shared - players are expected to bring their own basketball, water bottles, and any other equipment they may need. Players & coaches will only use their own balls throughout the drills, and we will continue to make sure social distance guidelines can be in place through instruction
- PHASE 4 – While limited instruction, players could pass to each other. Also, there will be competitive drills. However, PHH will still maintain an environment where kids will be social distancing as much as possible outside of competitive drills.

PLEASE NOTE THAT IF PLAYERS CANNOT ADHERE TO THE POLICY & PROCEDURES OF PHH OR THE FACILITY RULES THEY WILL BE ASKED TO NOT RETURN THE FOLLOWING DAY WITHOUT A REFUND
